Re: affiliated partnership

Dear Mr Stephenson,

I am writing on behalf of Pyramid Estimator Ltd to advise you that we would like to offer dp consultancy (ne) Ltd the position of affiliated partner to provide and deliver Health & Safety, advice, guidance, investigations and provision of quality documentation.

To ensure that the clients of Pyramid Estimator Ltd meet and surpass their compliance with Health and Safety legislation requirements both current and in the future.

As you are aware your company was short listed together with a number of other companies as a potential provider of Health & Safety to our clients.

The decision was made as a result of our inspection of your company and our interview with you and your staff. I was very impressed by the high standard of professionalism and achievement presented by both you and your staff. As well as being surprised by the high level and standard of your documentation that you provide to your existing clients, compared to the other companies.

It is these qualities of professionalism and commitment to provide and deliver a service that matches our own commitment to deliver the best service that we can to our clients that this offer is made.

I look forward to your acceptance of this proposal so that both companies can continue to provide the best service we can to our clients.

Yours Sincerely  
Steve Jenkins  
Managing Director
